# NEW 2010 Aquatic Invasive Species Boat Decal Program

**Buy your decal before launching your watercraft.**  
Based on direction from the Wyoming legislature, the Wyoming Game and Fish Commission has implemented emergency regulations to address the aquatic invasive species threat. Under this regulation, all watercraft using Wyoming waters are required to display an Aquatic Invasive Species decal. Costs for the decal under the emergency regulations are \$10 for motorized watercraft registered in Wyoming, \$30 for motorized watercraft registered in other states, \$5 for non-motorized watercraft owned by Wyoming residents and \$15 for non-motorized watercraft owned by non-residents. Inflatables 10 feet or less in length are exempt. Buy your decal now on the WGFD website (<http://gf.state.wy.us>) or at license agents beginning May 17.

**Help protect Wyoming's waters by making sure you Don't Move a Mussel!**  
Please contact the Wyoming Game and Fish Department if you see attached mussels on your equipment or in Wyoming waters. We can provide more information and assistance in removal.
